List of Tables

### **Chapter 1: Introduction**

This chapter should contain brief background information about the project, the methodology implemented for problem solving and the outlines of the results and future scope of the project.

### **Chapter 2: Theoretical background**

This chapter involves the basic theoretical information about each and every component & aspect of the project.

### **Chapter 3: Project development**

This chapter describe the overall in-depth information about the project such as circuit diagram, project description, experiment.

### **Chapter 4: Experiments and Results**

This chapter should explain the obtained/expected results with appropriate images and values.

### **Chapter 5: Conclusion**

The conclusion part summarizes the whole report by highlighting all the chapters and their significance and the importance of the project and about the achievements

5.1 Future Scope: what can be done more in the future

5.2 References: must have references from where you have taken the info

5.3 Appendices (if any)
